CC: Jonathan Williams <jwilliams@labattleship.com>

Good afternoon,

Per our discussion at the last board meeting, we should be setting up a meeting to discuss street enhancements to 6th and 7th streets. See excerpt from last month's minutes below.

Alan, has LADOT been contacted to evaluate the one-way streets that you are proposing? I believe that we should get their professional assessment on that.

As you are all aware, we are are having our LA Fleet Week Welcome party on Wednesday, August 30th so we will be busy all day. However, please provide me a time frame as to when you would like to meet.

Best regards,
Lorena

a. Motion to reaffirm support for street dining concept (9/12/12) - Johnson presented a map to the group showing features including one-way streets on 6th St. and 7th Street, enhancements to the Lilyan Fierman Walkway, an outdoor performance stage, a pedestrian alley and outdoor dining concepts. Johnson crossed out the stage on Centre Street. Wilkinson-Jurisic stated that the union would want to weigh in on the ideas. Johnson emphasized that 50 additional parking spaces would be added by adding diagonal parking.

After much discussion, the motion to reaffirm the street dining concept was tabled. Williams called to form an ad hoc committee to discuss and bring back to the next board meeting in September. Morena, Johnson and Brown volunteered to be on the committee. The ad hoc committee was also asked to discuss the contents of the letter submitted by the Northwest San Pedro Neighborhood Council and report back to the BID board. Morena asked who would build and maintain the projects.
